#### ABBEVILLE RED CROSS NEWS.

The Red Cross rooms are open to surgical dressing workers every morning except Monday's, from 10 to 1 o'clock.

The following ladies will be in charge of the rooms for the month of February:

Tuesday—Mrs. J. C. Ellis.  
Wednesday—Mrs. C. H. Gambrell  
Thursday—Mrs. C. H. McMurray.  
Friday—Mrs. Ellen P. Norwood.  
Saturday—Miss Maggie Latimer.

Anyone wishing to help with this work whether they have taken the course or not, will be able to make these dressings, under the supervision of any of these ladies.

The cutting Committee for February, is:

Mrs. W. W. Bradley,  
Mrs. J. M. Sherard  
Miss Bessie Lee Cheatham  
Miss Fannie Stark  
The following articles have been promised for February:

1500 gauze compresses, 8x4.  
500 Abdominal bandages.  
200 T. bandages.

Capt. R. B. Cheatham visited the Red Cross work room while here, and complimented the work that is being done very highly, especially the socks. He says that above all things in the knitted articles, they are what the soldiers need most.

Visitors are always gladly received in the Red Cross rooms.

The young ladies at Cold Springs are still busy doing their bit for the soldiers. This week they sent in 15 mufflers and 15 Bed Shirts, and it was beautifully done. Miss Bessie Uldrick has charge of this unit and they deserve much credit.

The ladies of the Prosperity section, sent in fifteen bed shirts and six dozen hospital handkerchiefs this week. They are willing to do

all they can and expect to keep it up. Miss Margie Winn has charge of that section.

In the near future a mammoth service flag containing 500 names will be raised in Aiken.

Strike while the iron is hot is an old saw; it would be well to make the iron hot instead of waiting for somebody else's hot iron. Ex.

#### ELECTRIC RANGES.

The electric range is about to swoop down upon the housewives of Abbeville, according to Mr. E. M. Anderson, superintendent of the Electric Light Department.

Not content with given electric light users one of the lowest rates in the country for electric cooking service, he has arranged with an expert in electric cookery, Mr. F. H. Lansdell of Atlanta, and Chicago, to spend three or four weeks instructing the housewives in the use of the range.

Some weeks ago, by action of the city council, it was decided to grant a rate of less than three cents per unit for current used for cookery purposes.

According to Mr. Anderson, it will actually be cheaper for people to do their cooking with electricity, than with coal or oil. As an average he estimates the bills for a family of five as less than three dollars per month.

Coming at this time, he believes that this step will be the means of saving a great amount of oil, as the current used here is generated by water power.

Furthermore, it will mean the solution to the servant problem, as many housewives will see fit to dispense with their help, if they are relieved of the drudgery of firing a coal stove and an unbearably hot kitchen in the summer.

It is claimed that the use of an electric range will not raise the temperature of the kitchen one degree. In addition it is absolutely clean and free from dirt and ashes.

After a thorough investigation of electric ranges made in a trip to Atlanta, Mr. Anderson states that he will guarantee this device to be cleaner, safer, more convenient, cooler in every respect than any other cooking apparatus. In addition it will produce scientific results in all cooking operations.

Many prominent housewives in Abbeville have signified their intention of installing this twentieth century cooking marvel in their kitchens. The ranges are being shown at the Electric Light plant's offices.

Mr. Landsell, the expert from Atlanta, will be available at all times to answer questions and give information regarding the use of the electric range.

Reports from State and local directors of the Smilage campaign received in Washington indicate that more of these coupon books will be sold than have been printed. The fuel order delayed all printing six days, but the books are being rushed through and all purchasers who have not received books will be supplied shortly. Smilage books contain coupons good for admission to the entertainments held in Liberty theatres and tents at the camps and cantonments.

## Economy Your Watchword Purity Your Standard

Your Uncle Sam wants you to be as saving as possible in the matter of Food, but there is not a citizen of these good old United States that he wants to go hungry.

In the matter of Conservation of food, remember this: The Best goes the longest way. You cannot economize by using the cheapest food products obtainable. Highly nourishing food comes higher in price and is the cheapest in the long run.

Feed your family from our store. We are constantly on the watch out for the best from every viewpoint. If it is pure and wholesome and at the same time highly nourishing, we have it. 'Tis the very best way to economize.
